EDUCATION

- **B.Tech in CSE with specialization in (AIML),**
VIT Bhopal University CGPA 8.54 September 23- Ongoing
- **Class XII,** West Point School, Kotkapura 84.8% 2023
- **Class X,** DAV Public School, Kotkapura 89.8% 2021

SKILLS

Technical Skills: Python, Java, React.js, HTML, CSS, JavaScript, Tailwind CSS, Flask, Machine Learning

PROJECTS

1 Diabetes Prediction Model - Daily Monitoring Tool ☑

- Built a Machine Learning model leveraging Random Forest and Neural Networks to predict diabetes risks based on user inputs (e.g., glucose level, BMI)
- Streamlined input requirements by removing complex data like the Diabetes Pedigree function, ensuring real-world usability.
- Achieved an accuracy of 85%+ in predictions and for real-time performance using React.

2 AI Jarvis - A Personalized AI Assistant ☑

- Developed a Python-based AI assistant integrating Pytttsx3, SpeechRecognition, and WebBrowser libraries for task automation.
- Implemented features for speech recognition, text-to-speech conversion, and automated tasks such as application launches and web searches.
- Designed a user-friendly command system adaptable to various contexts, improving productivity by 30% for users.

3 Image Editor Web App - A Web Based Image Editor Processing Tool ☑

- Developed an interactive image editor using Javascript, allowing real-time brightness, contrast, blur, and more adjustments.
- Integrated Canvas API for image processing, enabling transformations and implemented download feature for saving edited images.

WORK EXPERIENCE

GirlScript Summer Of Code, Contributor

- Wrote efficient codes, collaborated with team members, and improved technical as well as problem-solving skills in open-source projects.

Haryana Club, Technical Team Member

- Designed and maintained technical solutions for club events, including software tools and event registrations.

CO-CURRICULARS

- Regular participation in hackathons, technical events, and competitions to stay updated with emerging technologies and enhance practical skills.

CERTIFICATIONS AND ACHIEVEMENTS

- GirlScript Summer Of Code
- Postman API Fundamentals Student Expert ☑
- Applied Machine Learning in Python from University of Michigan ☑
- Completed 100 Days of DSA Challenge

VOLUNTEERING

NSS Unit | VIT Bhopal University

- Contributed to a plantation of 10,000 saplings and Controlled the crowd of over 1,000 volunteers.
